**DETAILED ACTION**

***Election/Restrictions***

1. Applicant's election with traverse of species I, claims 1-23 and 36-44, in the reply filed on 10/25/06 is acknowledged. The traversal is on the ground(s) that Examiner L. Martin made an error in the Restriction Requirement in indicating that the Species I-VII are all respectively grouped by claims. This is not found persuasive because claims are an integral part of the disclosure and there is a strong assumption that the claims are fully described in the specification. Therefore, relying on the claims in characterizing different embodiments in a restriction requirement would be the same as relying on the specification itself. The argument would be more convincing if it is shown that the each of the grouped claims are directed to different embodiments disclosed in the specification.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 24-35 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim.

Applicant timely traversed the restriction (election) requirement in the reply filed on 10/25/06.

3. This application is in condition for allowance except for the presence of claims 24-35 directed to an invention non-elected with traverse in the reply filed on 10/25/06. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

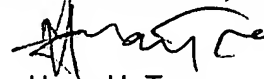

The prosecution of this case is closed except for consideration of the above matter.
